[CHORUS]

We come to town and we open shop  
You can't compare to the beats we drop  
You can't touch us cuz we on the top  
We're RiHiDri and we'll neva stop

[K-Man]

Yo it's K-Man in the 9-5-2  
Step your ass up and I'm showin my shoe  
What its like up your ass, leave you black and blue  
Take a shit, thats right, my adidas in your poo, it's true  
That's what I'ma do  
If you keep frontin you ain't got no clue  
Man I'm sick of this shit, so peace out I'm through, oh  
wait just kidding  
You though I was done, but I'm still spitting  
Cuz I'm the best, above all the rest  
You try to touch this, youre shit's gettin messed, this  
aint a jest  
My rhymes you can't digest  
I'll put your mother fuckin limits to the test, now that's  
enough  
My skill's been expressed  
I'ma stop rhymin, and take a little rest  
But if you wanna battle might I suggest  
Change your name to altar boy, cuz it's you I will molest

[The Shaft]

With the ladies, bro, you know I'm a hero  
How many girls I got? (Wait, Grant that's zero)  
Shut up, bitch! I ain't got a fuckin issue  
I skeeted on your face can I get you a tissue?  
Guitar hero sayin, gee you rock  
And I got that body shaped like a cereal box  
But it don't matter, just look down  
You'll see why they give me that burger king crown  
There's so much meat packed in my pants  
Now it's a restaurant, all the girls eat at Grant's  
My life is bumpin, shit it's thumpin

With that fly Ford Taurus all the chicas jumpin  
Wait yours sucks? It ain't so gnarly?  
Get some razorblades and be emo with Carly...

[CHORUS x2]

[JJD]

It's your boy J.D. rollin with RiHiDri  
Now we sittin so pretty and we lookin so fly  
We number one stunnas with that Krew Kut team  
But for Black on Black, that shit's only a dream  
This game is rough so don't fuck with me  
Especially Patrick Brennan, you can suck my D  
You got beef with us, we'll call y'all out  
And we'll roll up to your hood, to show what we about  
We rappers numba one, and we ballas numba two  
Got caught jackin off now your balls are blue  
We gangstas numba three, and we hustlas numba four  
Do you wan't me to stop? Or like me give you some  
more?  
RiHiDri is the name you know  
We that group of rappers that spit some flow  
Not quittin, not stoppin till you know who we is  
We're the numba one kids who be runnin the biz
