[T-Bone]

Everyone's excited to go to grandpa's cabin  
The fun starts to end when he makes us grab 'em  
He takes us one at a time out to the toolshed  
He makes me tea-bag while my sister gives head  
My parents turned away and try to ignore it  
It stops at the inheritance but not before it  
He might be crazy, he might be mean  
But he can only get it up if my sister screams  
Now here's my brotha to give his testimony  
Grandpa's got viagra and he's still so horny

[The Shaft]

What he does is real sick  
Especially with that wrinkled up old dick  
I had to do some homework, I had to do some math  
Please oh please don't watch me take a bath  
He said we'd go fishin on his little boat  
Please don't make me swallow it hurts my throat  
I think he's German, or maybe Dutch  
My teacher taught me that that's a bad touch  
I think I might have the crabs and I'm gettin kinda  
nervous  
I swear if you don't stop I'll call child service

[chorus]

Let me go home  
I'm just too far  
From where you are  
I wanna come home

[T-Bone]

We get into the toolshed, it's risin like yeast  
Get your hand out of my pants, you former catholic  
priest  
Why don't you get a prostitute or maybe a whore  
This is weekend after weekend it's a strenuous chore  
I know you fought in 'Nam where this was okay  
But now is where it stops we're in the USA

[chorus]

[T-Bone]

The other day I thought it would be fun  
If I snuck into your room and got your shotgun  
I got an idea, don't matter what I do  
I'm gonna use this shotgun to castrate you  
BOOM! Problem fixed it's all over  
Atleast until daddy starts comin over...
