Cain:

Come, Able. Quick,Able.

wait til I show you what I've found

Adam:

Cain! Before you say another word...

Cain:

No, Papa! Now Papa.

It's a thing that will astound you

when I show you what I've found

you won't believe....

Adam:

Eve!

Storytellers:

'cross the river wide

and mountain tall

they traveled

far beyond the waterfall

to a place and a day that will change them all

in the wasteland

"

"

Able:

What are they

Cain:

They're stones

a ring of Giant stones

Cain:

All of my life I think its this I've been seeking

Pent up inside me

an underground spring

finding a future

finding an answer

written in a ring of stones

finally proof of what i've always known

We are not alone

Damned we may be

but we are not

Alone

Eve:

I feel a coldness i the pit of my stomach

An urge to question

an urge to explore

I feel it once more...

Cain:

Stones the size of giants

in a perfect circle

Eve:

What could be their purpose

What could be their meaning

Able:

In a perfect circle

Eve:

How could they have raised them

Able:

Must have taken hundreds

Cain:

stones the size of giants

how long have they been here

Able:

could we find the people

Together:

think about the knowledge

think about the science

Cain:

thinkabout the strength and skill

scary they may be , but still

I will never rest until...

All:

We have found these

strange bewildering

people who would build a ring

of giant stones
