I wish I knew, I wish I knew  
What makes me me, what makes you you  
It's just another point of view ah...  
A state of mind I'm going through ah...  
So what I see is never true ah...

I wish I could tell, I wish I could tell  
What makes a heaven, what makes a hell  
And do I get to ring my bell ah...  
Or land up in some dusty cell ah...  
While others reach the big hotel ah...

I wish I had, I wish I had  
The secret of good, the secret of bad  
Why does this question drive me mad ah...  
'Cos I was taught when but a lad ah...  
That bad was good and good was bad ah...

I wish I knew the mystery of  
That thing called hate that thing called love  
What makes the in between so rough ah...  
Why is it always push and shove ah...  
I guess I just don't know enough ah...

I wish I knew, I wish I knew.
