The Dollar Bar, I'm Drinking
With my feet in cement
And "Fuck you, I'm Leaving"
What she said, yeah she meant
"And don't develop those pictures from our night spent
at the lake"
You know i will just to rip them up, except for the ones
you said not to take

And Here's The Truth
I am what you see
But not anything that you need
I'm starting to shake so I'll wait,
I'll take these pills to get better
I take 3 Everyday

"You act just like your Father"
She Screams through the phone
"I Don't wanna be your mother, 20 years down the
road"
She'd rather be her brother with a kid left at home
College Boy get Girl Pregnant, but they're in love
Leave them Alone...

And Here's The Truth
I am what you see

But not anything that you need
I'm starting to shake so I'll wait,
I'll take these pills to get better
I take 3 Everyday

I'm Okay
Now I'm Fine
Who's poppin' prescription pills by the counter at night?
Now I'm fine (I'm not Fine)
I'm Okay (I'm not okay)
I'll get what i want one day

And Here's The Truth
I am what you see
But not anything that you need

I'm starting to shake so I'll wait,
I'll take these pills to get better
I take 3 Everyday

Now who's like their Father? You're always sleeping on
the couch
And you're just like your Mother, With how no love gets
given out
Stand up Straight
About Face
And start molding to everything while Daddy's payin'
off the university
