This moment went by too fast  
It slipped right through both our hands  
im still pretty but i feel like a car crash  
pull me over to the side of the road  
i dont need you  
but i hate that you feel like home

if this is what you want to be  
then be it without me  
then i dont need you  
no, no, then i dont need you at all  
if this is what you want to be  
then be it without me  
then i dont need you  
no, no, then i dont need you at all

then i dont need you at all

i took the last of his cash  
its only resin and ash  
im still pretty but you already knew that  
already knew  
in 20 years well wake up in bed  
ask me if i even care  
i wont be there but youll hate that im in your head

if this is what you want to be  
then be it without me  
then i dont need you  
no, no, then i dont need you at all  
if this is what you want to be  
then be it without me  
then i dont need you  
no, no, then i dont need you at all

then i dont need you at all  
no no no  
i dont need you at all

let me tell you something  
youre crazy youre crazy  
youre selfish youre selfish

you make me so helpless  
you make me so helpless  
you're crazy you're crazy  
you're selfish you're selfish  
you make me so helpless  
i hate who i have to be with out you next to me  
i hate who i have to be without you letting me  
but you're crazy you're crazy  
you're selfish you're selfish  
you make me  
you make me

if this is what you want to be  
then be it without me  
then i dont need you  
no, no, then i dont need you at all  
if this is what you want to be  
then be it without me  
then i dont need you  
no, no, then i dont need you at all

no no no

no no oh

then i dont need you at all
