Keep your distance, you'll never know how it feels
I've been to places that took my mind away from me
You're aiming questions open the wound that just won't
heal
I'm just a man that uncle Sam gave the dark side of the
deal

So much for constitution and the home of the free
Fighting for a nation that's brought me to my knees
Wherever I go, people wanna know, who's that mystery
man?

(Mystery man)

I stand all alone, my name carved in stone, I'm the
mystery man

(Mystery man)

Out in the jungle, I didn't know then what I know now
Out in the jungle, I faced the danger next to me
Deep in the trenches, I could have died, it was
understood

I couldn't cry, too afraid to show the fear, oh yeah

So much for constitution and the home of the free
Fighting for a nation that's brought me to my knees
Wherever I go, people wanna know, who's that mystery
man?

(Mystery man)

I stand all alone, my name carved in stone, I'm the
mystery man

(Mystery man)

Wherever I go, people wanna know, who's that mystery
man?

(Mystery man)

I stand all alone, my name carved in stone, I'm the
mystery man

(Mystery man)

Wherever I go, people wanna know, who's that mystery
man?

(Mystery man)

I'm living the pain and stuck with that name, a mystery
man

(Mystery man)
