Living in the shadow of darkness
And wondering why
Knowing that there but for fortune
Go you and I

Temptation has turned you
And twisted the knife
The world that we bought into
Is no longer mine

Love lost, you pay the cost of a lonely way
This time, you chose to go too far

How does it feel to be on top of the world?
Looking around, you see the ground below
How does it feel to be on top of the world?
Living a life that only if you can know

Say goodbye to the old days
They're over and gone
Facing up to the realization
That we've got to move on

This love and attraction
Has taken its toll
Your lies and illusions
Left me out in the cold

Love lost, you pay the cost of a lonely way
This time, you chose to go too far

How does it feel to be on top of the world?
Looking around, you see the ground below
How does it feel to be on top of the world?
Living a life that only if you can know, oh yeah

How does it feel to be on top of the world?
Looking around, you see the ground below
How does it feel to be on top of the world?
Living a life that only if you can know

How does it feel to be on top of the world?

Looking around, you see the ground below
How does it feel to be on top of the world?
Living a life that only if you can know

How does it feel?
How does it feel?
How does it feel?
Oh yeah, yeah

And how does it feel?
And how does it feel?
Yeah, yeah, yeah
