Have you lost the bitterness
The bitterness that I can see in your eyes
Those wicked eyes

And what is it you want from me
A best friend or a tragedy
It's hard to get inside your head

It's like the way you talk to me
Like we're just a memory
I need to be with you tonight

Crave me again
Won't you stay with me til the bitter end
Won't you crave me again
He is half the man I am

You tried so hard to play the fool
Look at you now your all alone again
Do you find it hard to breathe

Your pink champagne, and cigarettes
Diamonds and your deep regrets
They get the best of you

And now you've gone and left me here
Hope that I would dissappear
And forget that we ever met at all

Crave me again
Won't you stay with me till the bitter end
Won't you crave me again
He is half the man I am

Crave me
Stay with me
Come back to me
Crave me

And it's you and me

And it's you and me
Your my only desire

Crave me again
Won't you stay with me till the bitter end
Won't you crave me again
He is half the man I am

What I do [x8]

Crave me again
