She's so far gone
I can't help her
She can't stay in control
This time I worry about her
But I won't go back to that world
She did say how much it meant
To be touched by fame
This time I don't believe her

You're a disaster
But you make me happy
Laughter is so hard
Disaster, I won't let this kill you
The past hurts but we'll move on

She's reckless
One can not face it
She barely has a soul
I tried to warn her
But she lives in her own crazy world

You're obsessed I must confess
You're never gonna change
Angel, I can't lose you

You're a disaster
But you make me happy
Laughter is so hard
Disaster I won't let this kill you
The past hurts but we'll move on

I find it funny how you think I've been blind
All this time
I know you love me but you made me decide
You're not my kind

You keep running away from our lives
Well you're going in circles
So stop acting like you don't care
I won't be there for you

Disaster
Why're you so angry?

You're a disaster
But you make me happy
Laughter is so hard
Disaster I won't let this kill you
The past hurts but we'll move on

Do you feel alone?
Do you feel alone?
Do you feel alone?
Do you feel alone?
