You were perfection, my only obsession
And good to me, good to me
My only addiction, you were such a vision
Of grace and love, grace and love

So I fell into your life
No I won't forget you

I don't know what I'm running from
I don't know what I'm running to
But wherever I'm going
I go there with you

I don't know what I'm running from
Don't know what I'm running to
But wherever I'm going
I go there with you

There's so many questions
I can't keep on guessing why, guessing why
And I'm wondering why I'm suffering
And I don't know what to do
I'd give it all, all away
Just to be with you

So I fell into your life
No I won't forget you

I don't know what I'm running from
I don't know what I'm running to
But wherever I'm going
I'll go there with you

I don't know what I'm running from
Don't know what I'm running to
But wherever I'm going
I'll go there with you

Everywhere that I go without you
Your picture stares from the wall, I feel you
A grain of sand in my hand falls to earth

The serenade of my days spent alone

I don't know what I'm running from
Don't know what I'm running to
But wherever I'm going
I'll go there with you

I don't know what I'm running from
Don't know what I'm running to
But wherever I'm going
I go there with you

I'm lost without you
I don't know my way
Why'd you have to be here for just one day
I miss you, I miss you
And I'm looking for answers why you went away
It shattered my world but together we'll stay
I miss you, I miss you
