Comfort me, cradle me
Live for me, arms spread out
Tantalize a fire in me
The shape of you, breaking through
Desired are the chosen few
Standing on the edge of ecstasy

The taste of your skin
My body's giving in
And I'm falling into you
As you let yourself go to the edge of the world
And I'm falling into you
I'm falling into you

Close your eyes and sacrifice
I'll breath you in 'til I get high
The center of your world pulls me down
Oceans running over me
Crashing into you, I see
You comfort me, and I re-live...

The taste of your skin
My body's giving in
And I'm falling into you
As you let yourself go to the edge of the world
And I'm falling into you
I'm falling into you

I come undone, I come undone, I come undone
I come undone, I come undone, I come undone
I come undone, I come undone, I come undone

Comfort me, cradle me
Live for me, arms spread out
Tantalize a fire in me
The shape of you, breaking through
Desired are the chosen few
Standing on the edge of ecstasy

The taste of your skin
My body's giving in

And I'm falling into you
As you let yourself go to the edge of the world
And I'm falling into you
I'm falling into you

(I'm giving you away)
I'm falling into you
(I'm giving you away)
I'm falling into you
(I'm giving you away)
I'm falling into you
I'm falling into you
