I miss you, love  
I miss you like crazy  
I miss you, love  
I miss you like crazy

And now wherever you are, you're somebody's star  
I'm sorry I never saw you shine

I miss you, love  
I miss you like crazy  
I miss you, love  
I miss you like crazy

Now, I figured you out, I sent you on out  
So why are you running, girl?

I miss you, love  
I miss you like crazy  
I miss you, love  
I miss you like crazy, crazy

And now wherever you are, you're somebody's star  
I'm sorry I never saw you shine

And I'm so fine  
I beat myself so  
Well, I'm so fine  
I scream myself hoarse, hoarse  
So now  
(Let me out of here, let me out of here, let me out of here)  
(Let me out of here, let me out of here, let me out of here)

I miss you, love  
I miss you like crazy  
I miss you, love  
I miss you like hell
