Somewhere she's waving at me

At the corner of the bar

But i find the distance too far

To have me get up and see

Could it be due to my smile

Maybe i'll just hang out awhile

[Chorus]

You're all i need tonight

Come on save it for tonight

You're all i need tonight

What you saying ?

Is the music up to high ?

Why don't you come come a little closer ?

Put my finger on your surprise

Your someone's ordinary dream

Just a dish of pure delight

Now if i can't hold my ground

Have someone bring my car around

[Chorus]

You're all i need tonight

Come on save it for tonight

You're all i need tonight

[Chorus]

You're all i need tonight

Come on save it for tonight

You're all i need tonight
