Is this or is this not worth waiting for
And if I wait forever, is it worth it?
Take 15, not 15 more
And take back everything you wanted
Cause it's better then owning nothing

Team up without me
I'm open to everything
So take it or leave it, I'm leaving

Team up without me
I'm open to everything
So take it or leave it, I'm leaving

Is this or is this not worth waiting for
And if I wait forever, is it worth it?
So you've used everyone you want
Counting on, I sit and watch you break
Every heart you ever touched and pushed away

Team up without me
I'm open to everything
So take it or leave it, I'm leaving

Team up without me
I'm open to everything
So take it or leave it, I'm leaving

The way the frames as I picture them
Show the scene of you alone with them
I sit and watch you break
Every heart you've touched
Every heart you've touched and ever pushed away
The frames as I picture them
Show the scene of you alone with them
I sit and watch you break
Every heart you've touched
Every heart you've touched and everâ€¦

Team up without me
I'm open to everything

So take it or leave it, I'm leaving

Team up without me
I'm open to everything
So take it or leave it

Team up without me
I'm open to everything
So take it or leave it
Take it or leave it, leaving

Team up without me
I'm open to everything
So take it or leave it, I'm leaving
