

With Blood Comes Cleansing "Damnation"

Visit "[Damnation](#)" on MotoLyrics.com

One thousand years you will be bound up
When set free you will deceive
God's judgment on you will come quickly
The flames will gladly then receive

Then your pain shall bring us comfort
Your pain shall bring us comfort

We shall rejoice
As you suffer in the flames
We shall rejoice
As you suffer in the flames

Into the lake with the beast and false prophet
There you'll receive your eternal damnation
Into the lake with the beast and false prophet
There you'll receive your eternal damnation

Into the lake with the beast and false prophet
There you'll receive your eternal damnation

We shall rejoice
As you suffer in the flames
We shall rejoice
As you suffer in the flames

One thousand years you will be bound up
When set free you will deceive
God's judgment on you will come quickly
The flames will gladly then receive
