The sun's going down on me, thoughts of her keep  
hauntin' me  
Desperation's takin hold  
My hands are on the stearin wheel but my heart's back  
in Louisville  
At the far end of a thousand miles of road

My mind's grindin like a steel gear baby, I've got to  
cover some ground  
She'd know how hard and fast I'm fallin for her  
If she could just hear the sound, of the hammer goin  
down

Now I ain't gonna waste my time talking on some pay  
phone line  
Words don't get the message through  
If this rig will hold out one more day she'll hear me 40  
miles away  
Tearin this four lane half in two

My mind's grindin like a steel gear baby , I've got to  
cover some ground  
She'd know how hard and fast I'm fallin for her  
If she could just hear the sound, of the hammer goin  
down

Now she ain't just some truck stop queen  
Man, she's the light guiding me a thousand miles for  
her love  
Well I'd go a million for one kiss, I'd drive those pistons  
with my fist  
And do it all again if it ain't enough

My mind's grindin like a steel gear baby, I've got to  
cover some ground  
She'd know how hard and fast I'm fallin for her  
If she could just hear the sound, of the hammer goin  
down  
If she could hear the sound, of the hammer goin down  
If she could hear the sound, of the hammer goin  
Of the hammer goin down

The sun's goin down on me  
My heart's back in Louisville
