(Michael Henderson/Wally Wilson)

Wishful thinkin', wishful thinkin'
Only dreams that don't come true
When That Evenin' sun goes sinkin'
Wishful thinkin' where are you

Lord I wish I would have listened
Listened to my second mind
But those sweet lips I was kissin'
Must have struck my reason blind

Wishful thinkin', wishful thinkin'
Only dreams that don't come true
When That Evenin' sun goes sinkin'
Wishful thinkin' where are you

Little voice inside convinced me
Made me think she'd turned around
But the deck was stacked against me
By the time that deal went down

Wishful thinkin', wishful thinkin'
Only dreams that don't come true
When That Evenin' sun goes sinkin'
Wishful thinkin' where are you
