Just one word can change it all, can change our minds  
Can change those feelings we give up  
From time to time  
i try to explain it i try to be wise, i swear i've tried  
sorry, i have to tell you this before i run out of time

No, you've got it wrong, I know it's my fault, you've got  
it wrong.  
It's aï»¿ misunderstanding, it's more like love, you've  
got it wrong.

When i'm by your side i wonder why it's just so hard.  
(it's just so hard)  
To finally tell you a different story from my part  
i'm just almost ready, you'll change your mind  
(You'll change your mind)  
But this one chance i'll take, to make you mine

No, you've got it wrong, I know it's my fault, you've got  
it wrong.  
It's aï»¿ misunderstanding, it's more like love, you've  
got it wrong.

'Cuz of you  
i've been going crazy thinking what to say to you  
Thinking about the day we met, wondering why i never  
said,  
from the beggining you were more then a friend, to me

No, you've got it wrong, I know it's my fault, you've got  
it wrong.  
It's aï»¿ misunderstanding, it's more like love, you've  
got it wrong.
