Get up get up now here we go
Dance to her lies I'll never know
She's doing it again, yeah she's doing it again
Round around, words just spinning in my head
With every lie that's said, tell me when will she
confess?
So take your time, make a rhythm with your lies
She's doing it again yeah she's doing it again!

(Chorus)
So turn around, don't wait for me
Don't waste my time
So turn around, don't wait for me
Just say goodbye

Phone calls phone calls surrounds my room
I'm going crazy over you
She's doing it again, Yeah she's doing it again
The same old song, it's been playing on and on
You've had it on too long, baby it's time to move on
So take your time, make a rhythm with your lies
She doing it again Yea she's doing it again

(Chorus)

(Guitar Solo)

(Chorus)

Get up get up now here we go
Dance to her lies I'll never know.
