

STILL CRAZY SOUNDTRACK

"BLACK MOON"

Visit "[BLACK MOON](#)" on MotoLyrics.com

I won't get old and change my ways
The revolution's now
Kick off my chains I wanna play
So don't you bring me down
There's no system in my head
I can't beat til the day I'm dead

CHORUS

Black moon, bright sparks
Black moon, so dark
Black moon, doin' alright
It's a black moon, black moon night
It's a black moon night, yeah

Some people look at me and say
"He's on some other trip"
The moonlight and the milky way
Is in a full eclipse

CHORUS x 2

Oh, don't you know my name
Don't you know my name
Oh, I won't play your game
I won't play your game

CHORUS
