Close your eyes
Iâ€™ll tell you the truth that I lied
Safe tonight,
Weâ€™ll tear this down together
Tear this down
Canâ€™t resist the darkness
(We are, we are)
Fill my life with broken dolls
(We are, we are alone)
Canâ€™t resist the darkness
(We are, we are)
I know I am responsible.
(We are, we are alone)
Close your eyes,
Iâ€™m afraid to tell you all the things I hide,
Close your eyes,
Weâ€™ll tear this down together
Tear this down tonight
We are alone,
We are aloneâ€¦
Tear it down, tonight,
We are alone, forgive me, please forgive me
Mend my broken dolls
I canâ€™t forget you, I wonâ€™t forget youâ€¦
I know that Iâ€™m not broken,
If I canâ€™t mend my dolls tonight,
I know that Iâ€™m not broken,
You can tear me down tonight
