Stick to my guns and i watch the darkness fill the void
Am i starting to become what i was sent here to destroy
In the mirror i see you stering back at me.

Each time the hateret grows i forget witch side im on
Is it simply my own shadow i've been chaseing all along
In the mirror i see you stering back at me

Im my own worst enemy
Somebody save me from my self
Im my own worst enemy
It's like im fighting someone els
Im my own worst enemy

You got me down on my knees but now im trying to get
up
You have torn me apart piece by piece and now im
beging you just stop
In the mirror i see you stering back at me

Im my own worst enemy
Somebody save me from my self
Im my own worst enemy
Just like im fighting someone els
Im my own worst enemy
im my own worst enemy

This is a battle you can't win for you there's no such
victory
One day you'll pay for all your sins unless you beg for
mercy.

Im my own worst enemy
Somebody save me from my self
Im my own worst enemy
It's like im fighting someone els
Im my own worst enemy
Somebody save me from my self
Im my own worst enemy
Just like im fighting someone els
Im my own worst enemy

Im my own worst enemy
Im my own worst enemy
