Couldn't save you from the start
Love you so it hurts my soul
Can you forgive me for trying again
Your silence makes me hold my breath
Oh, time has passed you by

Ooh, for so long I've tried to shield you from the world
Ooh, you couldn't face the freedom on your own
Here I am left in silence

You gave up the fight
You left me behind
All that's done's forgiven
You'll always be mine
I know deep inside
All that's done's forgiven

I watched the clouds drifting away
Still the sun can't warm my face
I know it was destined to go wrong
You were looking for the great escape
To chase your demons away
Ooh, for so long I've tried to shield you from the world
Ooh, you couldn't face the freedom on your own
And here I am left in silence

You gave up the fight
You left me behind
All that's done's forgiven
You'll always be mine
I know deep inside
All that's done's forgiven

I've been so lost since you've gone
Why not me before you
Why did fate deceive me
Everything turned out so wrong
Why did you leave me in silence

You gave up the fight
You left me behind
All that's done's forgiven

You'll always be mine
I know deep inside
All that's done's forgiven
