Now the day has come  
We are Forsaken this time

We lived our lives  
In our Paradise  
As Gods we shape the world around  
No boarderlines we'd stay behind  
Though balance is something fragile

Well we thought we were gaining  
We turned back the time  
It still slipped away  
Our time has run out  
Our future has died  
There's no more escape

Now, the day has come  
We are Forsaken  
There's no time anymore  
Life will pass us by  
We are Forsaken  
We're the last of our kind

The sacrifice was much to high  
Our greed just made us all go blind  
We tried to hide

What we fear inside  
Today is the end of  
Tomorrow

As the sea started rising  
The land that we conquered  
Just washed away  
Although we all have tried  
to turn back the tide  
It was all in vain

Now, the day has come  
We are Forsaken  
There's no time anymore  
Life will pass us by

We are Forsaken  
Only ruins stay behind

Now, the day has come  
We are Forsaken this time

Now, the day has come  
We are Forsaken  
There's no time anymore

Now, the day has come  
The day has come  
The day has come
