I'm on the road of broken dreams
And I need to know why
Seek the truth through lies to be
My guide

I'm in a world of doubt and trust
Can't deny
I lost my way here in this quest
Can't lie

I can't believe what's happening
I don't know what to say
I can't believe I've lived to see this day

I don't wanna live this way
It haunts my mind
I just need to get it straight
Stop wasting time
And I don't wanna live in fear
But I can't change what's right
But I know we'll be living in a lie

While we're hanging on the cross
When I put the nails in
It's time to choose
You know that we believe it
You say you understand it all
Try and smile
If only I could see it's true somehow

You can't believe what's happening
I don't know what to say
And what I wouldn't give to change our faith

I don't wanna live this way
It haunts my mind
I just need to get it straight
Stop wasting time
And I don't wanna live in fear
But I can't change what's right
But I know we'll be living in a lie

And I tried so hard to hold on
But I keep on falling
And no matter how hard I run
I just keep returning
And I'm back to where I started from

I don't wanna live this way
It haunts my mind
I just need to get it straight
Stop wasting time

I don't wanna live this way
It haunts my mind
I just need to get it straight
Stop wasting time
And I don't wanna live in fear
But I can't change what's right
But I know we'll be living in a lie
