My hope is on fire, my dreams are for sale  
I dance on a wire, I don't want to fail her  
I walk against the stream, far from what I believe in  
I run towards the end, trying not to give in

She's lost in the darkness, fading away  
I'm still around here screaming her name  
She's haunting my dream world, trying to survive  
My heart is frozen, I'm losing my mind  
Help me, I'm buried alive, buried alive

I'm burning the bridges and there's no return  
I'm trying to reach her, I feel that she yearns  
I walk against the stream, far from what I believe in  
I run towards the end, trying not to give in

She's lost in the darkness, fading away  
I'm still around here screaming her name  
She's haunting my dream world, trying to survive  
My heart is frozen, I'm losing my mind  
Help me, I'm buried alive, buried alive

I tried to revive what's already drowned  
They think I'm a fool, can't realize  
Hope plays a wicked game with the mind  
'Cause I thought that love would bind  
I cannot revive what's already drowned  
She won't come around

She's lost in the darkness, fading away  
I'm still around here screaming her name  
She's haunting my dream world, trying to survive  
My heart is frozen, I'm losing my mind  
Help me, I'm buried alive, buried alive
