I've been around these vicious lies too  
Too long to be neglecting the truth  
I'm getting closer and I'm fully armed

I'm about to hunt you down through  
The big black hole right behind you  
And I'm about to cut your wings away

'Cause I've been finding out where you've broken in  
And I will take you out when I close you in

I'm killing them all, I put my soul on the line  
I purify sins that I committed in life  
I'll follow them all and I'll be bringing them down  
Wherever they go I'm right behind

There's nowhere to go, your head on the line  
There is no rope, you're running out of time  
So where will you go when I will murder your soul?

I'm about to do it your way  
I will make your world unsafe  
I never thought you'd get this far  
[Incomprehensible]

You don't believe what all the signs say  
I don't believe in Judgment Day  
But you won't be leaving here unharmed

'Cause I've been finding out where you've broken in  
And I will take you out when I close you in

I'm killing them all, I put my soul on the line  
I purify sins that I committed in life  
I'll follow them all and I'll be bringing them down  
Wherever they go, I'm right behind

There's nowhere to go, your head on the line  
There is no rope, you're running out of time  
So where will you go when I will murder your soul?

You can't feel the pain, I scream in vain

You sink away to the bottom  
You can't break your chains  
Break away from here

I'm killing them all, I put my soul on the line  
I purify sins that I committed in life  
I'll follow them all and I'll be bringing them down  
Wherever they go, I'm right behind

There's nowhere to go, your head on the line  
There is no rope, you're running out of time  
So where will you go when I will murder your soul?
