Say My Name

Say my name  
So I will know you're back you're here again  
For a while  
Oh let us share  
The memories that only we can share  
Together

Tell me about  
The days before I was born  
How we were as children

[Refrain:]  
You touch my hand  
These colors come alive  
In your heart and in your mind  
I cross the borders of time  
Leaving today behind to be with you again

We breath the air  
Do you remember how you used to touch my hair?  
You're not aware  
Your hands keep still

You just don't know that I am here

It hurts too much  
I pray now that soon you're released  
To where you belong

[Refrain]

Please say my name  
Remember who I am  
You will find me in the world of yesterday  
You drift away again  
Too far from where I am  
When you ask me who I am

Say my name  
These colors come alive

In your heart and in your mind  
I cross the borders of time  
Leaving today behind to be with you again

Say my name
