I've gotta try
It's not over yet
No signals of love
Have you left
My heart is bleeding just for you
Bleeds for only you

And it hurts to know the truth

Are you looking for saviours
Chasing a dream
Love turned to hate

Now I'm crossing the border
See then I fade
But I'm not afraid

Oh SinÃ©ad,
For the first time
Love is gonna turn around
I'm telling you
You will like it, I know

Oh SinÃ©ad,
It's the first time
Only you can set it free
Oh SinÃ©ad
Come break away with me

This second chance I know won't last
But it's OK
Got not regrets
And I, I feel the end here
I'm a fool
Getting closer

But I'm doing what I should
I been drowning in sorrow
Chasing tomorrow,
Running away

Now you're crossing the border
See no tomorrow
But you're not afraid

Oh SinÃƒfÃ©ad,
For the first time
Love is gonna turn around
I'm telling you
You will like it, I know

Oh SinÃƒfÃ©ad,
It's the first time
Only you can set it free
Oh SinÃƒfÃ©ad
Come break away with me

But I'm doing what I should
I've been drowning in sorrow
Chasing tomorrow,
Running away

Now you're crossing the border
See no tomorrow
But you're not afraid

Oh SinÃƒfÃ©ad,
For the first time
Love is gonna turn around
I'm telling you
You will like it

Oh SinÃƒfÃ©ad,
For the first time
Love is gonna turn around
I'm telling you
You will like it, I know

Oh SinÃƒfÃ©ad,
It's the first time
Only you can set it free
Oh SinÃƒfÃ©ad
Come break away with me.
