Remains Of A Shattered Illusion

The remains of a shattered illusion twisted forms
implanted inside
Forced and emotionally devastated you silently
faded away

Put under strict control as this self-inflicted
subconscious
Wasted so precious time PRECIOUS TIME
Opressed by disbelief unable to separate impressions
You silently, silently faded away

As this certain state of mind designed to raise the
structure
The remains of a shattered illusion twisted forms
implanted inside
Forced and emotionally devastated... So deceived
Opressed by disbelief unable to separate impressions
You silently, silently faded away

As this certain state of mind, designed to raise the
structure
