She says you'd given up  
Your folks told me you should be left alone on a  
mountain top  
Knocking the aeroplanes down with stones  
Do the whirlwind, and carry the hope that stings all  
night long  
Don't abandon him 'cause he quivers when he hears  
your song

Believe me it's safe to see at least be confused about  
right and wrong  
Plan to settle down over the moon under the sun  
Do the whirlwind, and shotgun the seat that beats  
hanging on  
To the one you love to keep keepin' sleepin' dreamin'  
on

Folks given up under the quivers and lines you do the  
whirlwind  
Don't abandon get a handle of yourself son  
Folks given up under the quivers and lines you do the  
whirlwind  
Don't abandon get a handle of yourself son

Folks given up under the quivers and lines you do the  
whirlwind  
Don't abandon get a handle of yourself son
