Hey you know my friend lisa  
she's down from LA  
we've been places like this  
there always the same  
we'll loosen the rope just enough to make you pay  
when my memory is hazy  
we're moving away  
to rent a display home  
avoid all the grey  
2 bees in a storm  
the honey's stuck us by the hair

hold music  
give it to me baby dont you dare lose it

when we're sleeping in daily  
there's ice on the road  
i bought us a dragon  
to lighten the load  
he's keeping us warm  
the blood keep flowing to your head  
Say i've never been stately  
I'm legless at sea  
my spirit has felt you since 1903  
I'm trying to be normal  
but there's evil in my head

hold music  
give it to me bay dont you dare lose it

You're so dangerous  
everybody's gonna hide out back  
it doesnt matter that you're serious  
move along sad face your cover's blown  
cmon there you are  
and we're outta space and you're out of space  
change the beat fast  
or your enemies will see you naked

hold music hold music hold

When we were out drinking

i found you a home  
4 million in prizes  
you left me alone  
when we were forlorn  
i found some poison in your bed  
Though you may mistake me  
I'll never be free  
I'm stuck in the crossfire  
between you and he  
tattoos on his arms  
he got a needle for a head

hold music  
give it to me bay dont you dare lose it
