"I Wish You Were Here"

I believe in all the things you said
I never doubt, never hesitate
Only you, made my strong to survive

You had to go, cause it was your time
Somtimes I feel that you're still around
Deep inside, I'm afraid, I can't lie

Refrain:

Oh, I wish you were here
You were here
Lord I wish you were here
You were here

I think of you everytime I pray
Constantly I try to hide my tears
Oh I no, that you care 'bout life

Refrain:

Send me a sign, let me know
That you're there
If I could call back the time
I would fly

Refrain:

(Can you here me, sing it for me)

2x Refrain:
