There's no hiding place
When someone has hurt you
It's written on your face
and it reads
broken spirits
lost and confused
empty, scared
used and abused
a fool, ooooooh
ain't it funny the way you feel
show's on your face
and the smile u used 2 wear
seems a little bit out of place
just hold on
in time it gets a little better
My sunshine has come
and i'm all dried out
and there's no more rain in this cloud(repeat)
So, u want 2 leave
2 u I shall give
all the space that u've requested

hope you don't live to regret it

So u say ur in ur prime

baby don't waste your time

remember my love

it's only a thin line

My sunshine has come

And i'm all dried out

and there's no more rain in this cloud (repeat)

Spring has come

and winter's gone my way

don't look around for me child I'll

(I'll be long gone, long gone, long gone)

Not afraid

because the seasons have changed

I'm gonna count my blessings

and just follow the sun

My sunshine has come

and i'm all dried out

and there's no more rain in this cloud

You brought me down

you brought me way down

you.. you... you brought me down

what goes around

comes around

what goes up

must come down
