John Anonymous

All I know is right now I gotta go.

But if you want me darlin', I, I, I'll come back.

And if I leave, you start to cry.

If you want me darlin', I, I, I'll come back.

CHORUS

Back to the only arms I know.

The only heart I'll show.

Exactly what I hold inside.

Together, we could fly.

SOLO

CHORUS

And if I leave, your heart will die.

If you want me darlin', I, I, I'll come back.

Can we take it to paradise?

Well, if you want to darlin', I, I, I'll come back.
