"2000 Light Years From Home"

Sun turnin' 'round with graceful motion

We're setting off with soft explosion

Bound for a star with fiery oceans

It's so very lonely, you're a hundred light years from home

Freezing red deserts turn to dark

Energy here in every part

It's so very lonely, you're six hundred light years from home

It's so very lonely, you're a thousand light years from home

It's so very lonely, you're a thousand light years from home

Bell flight fourteen you now can land

See you on Aldebaran, safe on the green desert sand

It's so very lonely, you're two thousand light years from home

It's so very lonely, you're two thousand light years from home
