As you poured out the drinks for me  
I felt your hooks sink right into me  
And I knew you were my destiny  
And I thought you'd get the best of me  
On the way down to Mexico  
As I danced in your rodeo  
You say poverty is picturesque  
As you dragged your nails across my chest  
You're so cold  
You're so cruel  
I'm your man  
Not your fool  
Are you already over me  
Are you already over me  
Are you already over me  
What a fool I've been  
In the first flush of ecstasy  
As you lay naked next to me  
While our love put the dawn to flight  
I just ignore all those warning lights  
Cause when you laugh

I just cry

When you left

I just died

Are you already over me

Are you already over me

Are you already sick me

What a fool I've been

Hard to hold on

To a love divine

I'm kneeling in a corner

Praying to your shrine

I've been hurt

So confused

I've been burned

I've been bruised

Are you already over me

Are you already over me

Are you already sick of me

Are you already over me

Are you already over me

Are you already tired of me

Are you already over me

What a fool I've been

What a fool I've been

What a fool I've been
