"Black Limousine"

We used to ride, baby

Ride around in limousines

We looked so fine, baby

You in white and me in green

Drinking and dancing

All inside and crazy dream

Well now look at your face now baby

Look at you and look at me

I get so scared

Just to see you on the street

They're living dead

Your all the same, you never speak

Your wrecked out now

Washed up high up on the beach

Well now look at your face now baby

Look at you and look at me

We used to shine, shine, shine, shine

Say what a pair, say what a team

We used to ride, ride, ride, ride

In a long black limousine

Those dreams are gone baby

Locked away and never seen

Well now look at your face now baby

Look at you and look at me
