So now that she is gone

You won't be sad for long

For maybe just an hour or just a moment

Of the day

Then blue turns to grey

And try as you may

You just don't feel good

You don't feel alright

And you know that you must find her, find her, find her

You think you'll have a ball

And you won't care at all

You'll find another girl or maybe more

To pass the time away

Then blue turns to grey

And try as you may

You just don't feel good

You just don't feel alright

And you know that you must find her, find her, find her

She's not home when you call

So you can go to all

The places where she used to go

But she has gone away

Then blue turns to grey

And try as you may

You just don't feel good

You don't feel alright

And you know that you must find her, find her, find her

Blue turns to grey (blue turns to grey)

She has gone away (blue turns to grey)

I feel so bad (blue turns to grey)

I wish you'd come on home (blue turns to grey)

I feel, I feel so down...
