I got a bird what whistles

Baby got a bird

Honey got a bird - it would sing

Baby got a bird

Honey got a bird - it would sing

Without my Corinna, sure don't mean

Sure don't mean a natural thing

I learned to love you baby

Honey for I call

Baby for I call your name

Baby for I call

Honey for I call your name

I love you Corinna

It sure don't mean

It sure don't mean a natural thing

Have mercy, have mercy

Baby on my hard luck

Honey on my hard luck soul

Baby on my hard luck

Honey on my hard luck soul

I got a raimbow round my shoulder

Looks like silver  
Shines like klondike gold  
Well I love you honey  
Honey tell the world  
Baby tell the world I do  
Honey tell the world I do  
Baby tell the world I do  
Ain't no woman in fourteen counties  
Love me baby like the way I do  
I got a bird what whistles  
Baby got a bird  
Honey got a bird - it would sing  
Baby got a bird  
Honey got a bird - it would sing  
Without my Corinna, sure don't mean  
Sure don't mean a natural
