Whoa la la ta ta

Whoa la la ta ta

La la la all night long

Wanna tell you

Whoa la la ta ta

Whoa la la ta ta

La la la all night long

C'mon let the good times roll

We're gonna stay here to soothe our soul

It could take all night long

The evening sun is sinking low

The clock on the wall says it's time to go

I've got my plans I don't know about you

I tell you exactly what I'm gonna do

Get in the groove and let the good times roll

We're gonna stay here to soothe our soul

It could take all night long

It might be one o'clock it might be three

Time don't mean that much to me

Ain't felt this good since I don't know when

I might not feel this good again

So c'mon let the good time roll
We're gonna stay here to soothe our soul
It could take all night long
All night, all night
All night, all night long
Somebody said it might take all night long
All night, all night whoa
C'mon let the good times roll
We're gonna stay here to soothe our soul
It could take all night long
