High and dry well, I'm up here with no warning

High and dry well, I couldn't get a word in

High and dry oh, what a way to go

She left me standing here just high and dry

A minute I was up there standing by her side

The next I was down there, well, left out of the ride and

High and dry oh, what a way to go

She left me standing here just high and dry

Anythin' I wished for I only had to ask her (yep)

I think she found out it was money I was after

High and dry oh, what a weird letdown

She left me standing here just high and dry

Alright

It's lucky that I didn't have any love towards her

Next time I'll make sure that the girl'll be much poorer

High and dry oh, what a way to go

She left me standing here just high and dry

High and dry well, I'm up here with no warnin'

Yep

High and dry well, I couldn't get a word in

High and dry oh, what a way to go

She left me standin' here just high and dry

Well, she left me standin' here just high and dry

Well, she left me standin' here just high and dry

Hey!
