Don't you worry 'bout what's on your mind, woman  
I'm in no hurry, I can take my time, woman  
I'm going red and my tounge's getting tied  
I'm off my head and my mouth's getting dry  
I'm high, but I try, try, try, woman

Let's spend the night together  
Now I need you more than ever  
Let's spend the night together now

I feel so strong that I can't disguise  
But I just can't apologize (Oh no)  
Don't hang me up and don't let me down  
We could have fun just groovin' around

Let's spend the night together  
Now I need you...

You know I'm smiling, baby  
You need some guiding, baby  
I'm just deciding, baby, now  
I need you more than ever  
Let's spend the night together  
Let's spend the night together now

This doesn't happen to me ev'ry day, woman  
No excuses offered anyway, woman  
I'll satisfy your every need  
And now I know you'll satisfy me

Let's spend the night together  
Now I need you
