Well I told friends of mine you been tellin' lies how I
was wrapped up in you
But, surprise, surprise, surprise, surprise, I never
wanted you that bad
'Cause I knew you was tellin' lies, knew you was tellin'
lies
I could see it in your eyes

Why did you have to go and fool after we had along so
fine
But, surprise, surprise, surprise, surprise, ain't nothin'
strange to me
'Cause I knew you was tellin' lies, knew you was tellin'
lies
I could see it in your eyes

Knew you was tellin' lies, knew you was tellin' lies
I could see it in your eyes

I hope you're tired of all your chasin' round thinkin' I'm
alone all night
But, surprise, surprise, surprise, surprise, you're only
fooling yourself
Knew you was tellin' lies, knew you was tellin' lies
I could see it in your eyes

Yeah baby you're tired of all your chasin' round thinkin'
I'm alone all

night'Cause I knew you was tellin' lies, knew you was
tellin' lies
Was tellin' lies, yes I did, we had gone along so fine
I knew you was tellin' lies, I knew you was talkin' just
I could see it in your eyes
