Lyrics by Leif Cole)

Until she came

I was safe from the rain

Never had I tasted blood

And never screamed in pain

She paints the pictures

Teaches me to fly

Never lets me taste the air

No matter how I try

All I've been is lonely

Since the day she said goodbye

Cold days, yeah

Don't wanna go outside

Cold days, yeah

When all the flowers died

Cold days

You can bet your life

Since she said goodbye to me

Cold days

Until she came

I'd never lost control

Kept both hands on the wheel

My eyes on the road

One day she wanders

Like a black cat 'cross my path

Here I stand in the burning wreckage

Alone in the aftermath

I'd never come so close

To that jagged edge

Cold days, yeah

Don't wanna go outside

Cold days, yeah

When all the flowers died

Cold days

You can bet your life

Since she said goodbye to me

[Sax Solo]

You leave yourself wide open

And you'll blow yourself away

Nothin' more to say

These cold days, yeah

When al the flowers died

Cold days, yeah

I don't wanna go outside

Cold days

Yeah, you can bet your life

Since she said goodbye to me

Yeah
