Chorus:

Adalida, pretty little cajun queen  
Sweet dixie flower, the belle of the bayou  
You're every young man's dream  
Adalida, I'd walk through a hurricane  
To stand beside you sweet Adalida  
I'd swim the Pontchartrain

Oh no, here you comin' down the road  
Wit you cotton dress a swishin', you gettin' some  
attention  
From all the boys in the Thibodaux

Oh my you really fillin' up their eyes  
Smilin' and a winkin', I know what they thinkin'  
But I'm the only one who loves you so!

Repeat Chorus

Oh no the hottest little dish I know  
I know you can tell it, you makin' me so jealous  
From my head down to my toes  
Oh me you could make a redneck green  
The way that you're a lookin', you got me cookin'  
And I ain't talking 'bout Etouffee'
