I've traveled through lots of places
Seen lots of folks and lots of faces
Even settled down a time or two
I've worked the farms I've been to town
Guess you could say I've been around
But I ain't never seen no one like you
I can tell by your smile you don't believe a word I say
You're thinkin' I'll just stay a while then be on my way
But girl I think it's fair to warn ya I've done been to
California
I ain't never seen no one like you
I knew a girl in Mississippi
Had twenty different ways to kiss me
Never found a thing she couldn't do
Hey I even knew some twins in Denver
Stayed with them one cold December
I ain't never seen no one like you
East to west north to south
You're the very best girl there ain't no doubt
I'm tellin' you you're really somethin'
The way you got my heart a jumpin'
I ain't never seen no one like you
