Well my baby's wearin' a permanent smile
A satisfied look I ain't seen for a while
I ain't had no raise or fulfilled any dreams
But somethin's come over my baby it seems

I've got a funny feelin' somebody's stealin' my honey
Lord I love that child, love to see her smile
But these circumstances ain't funny
Where lies the danger, is he a stranger or a pal
I've got a funny feelin' somebody's stealin' my gal

If I came home early Lord what would I find
Maybe I'd rather just walk around blind
I know baby loves me, Lord I understand
I knew how emotions can get out of hand

I've got a funny feelin' somebody's stealin' my honey
Lord I love that child, love to see her smile
But these circumstances ain't funny
Where lies the danger, is he a stranger or a pal
I've got a funny feelin' somebody's stealin' my gal

Wherever he is, well I'm callin' his bluff
I'm gonna start wearin' that good smellin' stuff
And I'll be the lover that I used to be
Whatever she's missin', she'll get it from me

I've got a funny feelin' somebody's stealin' my honey
Lord I love that child, love to see her smile
But these circumstances ain't funny
Where lies the danger, is he a stranger or a pal
I've got a funny feelin' somebody's stealin' my gal

I've got a funny feelin' somebody's stealin' my gal
