"The Big One"

Without a warning
You're outta control
The ground shakes
And the oceans roll
This is the big one
There's nowhere to run

On the Richter
Scale of Romance
You hit twelve and
You don't stand a chance
This is the big one
I'm fallin' in love

Now it's beat beat beat
My heart's sendin' out a message
Please please please don't save me tonight
S.O.S. in this situation
Means she's outtasite

No need to panic
I tell myself
But I never felt this feeling
With anybody else
This is the big one
I'm fallin' in love
